

GLOMIS data entry sheet for INSTITUTION

This is a registration form for GLOMIS Institution category. If you wish to have information on your institution included in GLOMIS, please fill this form and mark keywords that describe your institution interest. Thank you!

Name of the institution:

Address:

Email:

URL:

Keywords:

Please choose and circle/highlight at most 10 keywords, which describe your institution activity, including Regions and Country from the attached Keyword sheet.

GLOMIS Headquarters
ISME Secretariat
c/o Faculty of Agriculture
University of the Ryukyus
Okinawa 903-0129 JAPAN
Fax: +81-98-895-6602

Email: <mailto:mangrove@ryukyu.ne.jp>

Keyword sheet for GLOMIS

Biology

Ecological processes	Environmental processes	Fauna	Flora	Micro-organisms	Physiology	Pollution
Behaviour	Accretion	Anatomy	Anatomy	Bacteria	Birds	Bacteria
Colonisation	Chemical factors	Behaviour	Benthos	Benthos	Crustaceans	Chemical factors
Communities	Climatology	Benthos	Biochemistry	Biochemistry	Fish	Ecotoxicology
Competition	Cyclones	Biochemistry	Biodiversity	Biodiversity	Histology	Eutrophication
Decomposition	Erosion	Biodiversity	Biomass	Biomass	Mammals	Inorganic chemicals
Embryology	Eutrophication	Biomass	Biotechnology	Biotechnology	Methanogenesis	Microorganic chemicals
Endemism	Forest structure	Biotechnology	Colonisation	Colonisation	Molluscs	Oil
Extinction	Fossils	Birds	Communities	Competition	Other invertebrates	Pathogens
Food web	Gas exchanges	Colonisation	Competition	Endemism	Other vertebrates	Viruses
Forest structure	Geomorphology	Communities	Endemism	Evolution	Photosynthesis	
Fossils	Hydrology	Competition	Eutrophication	Food web	Reproduction	
Growth rates	Monsoons	Crustaceans	Evolution	Fungi	Respiration	
Habitats	Pedology	Evolution	Extinction	Genetics	Sea grasses	
Herbivory	Physical factors	Extinction	Food web	Growth rates	Sea weeds	
Invasion	Sedimentation	Fish	Forest structure	Invasion		
Migration	Storms	Food web	Fossil	Migration		
Nursery areas	Surges	Fossils	Fungi	Molecular biology		
Nutrient cycling	Tsunamis	Genetics	Gas exchanges	Morphology		
Nutrients		Growth rates	Genetics	Natural products		
Parasitism		Herbivory	Growth rates	Nutrients		
Pedology		Invasion	Herbivory	Parasitism		
Productivity		Mammals	Higher plants	Pathogens		
Regeneration		Migration	Invasion	Plankton		
Reproduction		Molecular biology	Migration	Speciation		
Succession		Molluscs	Molecular biology	Symbiosis		
Symbiosis		Morphology	Morphology	Viruses		
Zonation		Natural products	Natural products	Zonation		
		Nursery areas	Nursery areas			
		Other invertebrates	Pathogens			
		Other vertebrates	Phenology			
		Pathogens	Photosynthesis			
		Plankton	Plankton			
		Reproduction	Reproduction			
		Speciation	Sea grasses			
		Succession	Sea weeds			
		Symbiosis	Speciation			
		Zonation	Symbiosis			
			Zonation			

Keywords are listed in three levels, level 1:underlined; level 2:in bold in the table; and level 3: listed under level 2.

Keyword sheet for GLOMIS

Management

Conservation	Fishery	Forestry	Legislation	Threats	Values
Conventions Environmental impact Environmental protection Parks Protected areas Reserves Sustainable management Sustainable use	Aquaculture Capture fishery Captive fishery Pathology Products	Afforestation Apiculture Felling Fuelwood Harvesting Nonwood products Pathology Productivity Reforestation Rehabilitation Replanting Reserves Restoration Silviculture Standards Wood products	International laws Land tenure Laws Local laws Patents Policies Preservation Traditional laws	Conversion Dredging Floods Grazing Human impact Hydrology Mining Natural hazard Over exploitation Pests Pollution Salt	Cultural values Disease Ecotourism Education Gender Heritage Knowledge Medicine Public awareness Recreation Socioeconomic Tourism Trade Traditional values Training Wildlife

Research methods

Biology	Ecology	General	Geography	Management
Biochemistry Genetics Histology Molecular biology Morphology Physiology Synopsis Taxonomy	Hydrology Limnology Oceanography Population dynamics Soil Water chemistry Wildlife	Cataloguing Computers Database Diving Education Microscopy Modelling Photography Preserving Sampling Statistics Training X ray	Geochronology Geology GIS Maps Palaeontology Remote sensing	Assessment Engineering Evaluation Fishery Inventory Marketing Monitoring Pollution control Surveys Valuation

Geography

Regions	Country
Central Pacific Eastern Atlantic Eastern Pacific Indian Ocean South Pacific West Pacific Western Atlantic Worldwide	239 countries are recognized by GLOMIS (country lists are omitted here)

Keywords are listed in three levels, level 1:underlined; level 2:in bold in the table; and level 3: listed under level 2.
